Education

Peri institute of technology, BECSE 06/2020 – 07/2024
Kanchipuram, India

Angel BabyLand Hr.Sec School, HSC chennai, India

Skills

Core java — Proficient	MySQL — Proficient
HTML5 — Beginner	Spring boot — Beginner
CSS3 — Beginner	JavaScript — Amateur
MsOffice — Proficient	Advance java8 — Competent
Problem solving — Proficient	Communication — Competent

Languages

• English • Tamil • Telugu

Certificates

• Java training  • Full stack java internship • Python in Uniq technology
• Chatgpt 

Projects

Observer-based Event-Triggered Tracking Enforcement in Discrete-Time Nonlinear Systems, HTML5 CSS3 JSP Java MySQL 01/2024 – present

☒ Meticulously orchestrating integration of manufacturing processes into application operational efficiency and fostering innovation Implementing
☒ Triple DES algorithm for storage of managerial processes, ensuring robust data security and authentication. Ensuring integrity of stored managerial
☒ market foresight for exceeding industry expectation

Android text Encryption and Decryption using various algorithm, Python programming language 08/2023 – 12/2023

☒ The android application provides an interface for users to input text for encryption.
☒ Python scripts are integrated into the Android project using cryptographic operations.
☒ Users can chosen between SHA-1,SHA-256 algorithm for text encryption ,providing flexibility and customization. The encrypted text ,along with chosen algorithm is displayed to the user for reference and usage.
